Table of Contents

Directions **4**

Introduction **5**
1. Purpose 5
2. Learning Assumed to Be in Place 5

Introduction to Citrus Production **6**
1. Introduction 6
2. Background 6
3. Citrus Planting 6
4. Lifespan 7
5. Citrus Plant Phenology 7
6. Citrus Learning Material 8

Chapter 1 ..... **10**
1. Introduction 10
2. Environmental Requirements for Citrus Propagation 10
   - 2.1. Humidity 11
   - 2.2. Aeration 11
   - 2.3. Light 12
   - 2.4. Temperature 12
   - 2.5. Moisture 13

Chapter 2 ..... **14**
1. Introduction 14
2. Means of Propagation 14
   - 2.1. Sexual Propagation 14
   - 2.2. Asexual Propagation 15
3. Methods of Propagation 15
   - 3.1. Seed Propagation 16
     - 3.1.1. Sand Seedbed Germination 18
     - 3.1.2. Seed Germination Trays 19
   - 3.2. Vegetative Propagation 19
     - 3.2.1. Budding 19
     - 3.2.2. Cuttings 24
     - 3.2.3. Shoot Tip Grafting 24
   - 3.3. Tissue Culture Propagation 24
4. Propagation Tools 25
5. Sanitation 25

Chapter 3 ..... **27**
1. Introduction 27
2. Indicators of Successful Propagation 27
3. Indicators of Unsuccessful Propagation 27
4. Environmental Factors for Successful Propagation 28

Bibliography **29**
